Dear Ibrahim,

My name is Rubin Njagi. I am a Full Stack developer with Skills in HTML, CSS, JAVASCRIPT(Angular, Node, express and Mongo) & RUBY ON RAILS.

I really believe I can assist in making moving money around easier and less expensive and I am excited at the prospect of contributing to this vision.

I believe I would be an asset if added to your team as a remote Backend web developer.

Looking forward to working with you.

Sincerely,

Rubin Njagi
